

2 Truths and 1 Lie: Holiday

1. Think of what you did over the holidays
2. Write down 2 things that you really did do
3. Write down 1 thing that you did not do
 - *They do not have to be in a specific order
4. Tell the other person your 3 written activities
5. The other person has to guess which one is the lie

Example:

1. I went on an airplane.
2. I ate many desserts.
3. I played with my friends.

Which one is the lie?

After students give their statements, encourage them to expand on each experience by asking them follow up questions about their holidays
