

Can you...?

Can you ride a bicycle?
Can you swim?
Can you write your name without looking at the paper?
Can you write your name using your non-dominant hand?
Can you stand on one foot for more than 30 seconds?
Can you hold your breath for 30 seconds?
Can you cook anything delicious?
Can you sing?
Can you draw well?
Can you eat everything you want?
Can you play any instrument?
Can you play any sports?
Can you speak any other languages?
Can you say the alphabet backwards?
Can you wink?
Can you snap your fingers?
Can you wiggle your ear?
Can you use chopsticks?
Can you say "Which witch wished which wicked wish?"
Can you dance?
Can you raise one eyebrow?
Can you spin around 5 times and then walk in a straight line?
Can you draw a square and a circle at the same time?
Can you whistle?
