

What do you feel when...?

Someone chews with their mouth open 	Someone talks during movies 	Someone burps very loudly 	Someone litters on the street 
Someone talks super loud on the phone 	You do really well on an exam 	You lose something important 	You break something 
You lose a game 	Someone does not share with you 	Your parents make you favorite food 	You go on vacation 
It's your birthday 	It's Christmas 	Someone hugs you 	You do not get enough sleep
